What makes the project of living?

Come vogliamo vivere ora? Più responsabili, più autentici, più vicini.

Il mondo è in continuo cambiamento e le soluzioni di cui potremmo avere bisogno domani potrebbero non essere quelle di cui abbiamo bisogno oggi. In Arper proponiamo strumenti per evolvere con il mondo che cambia, diamo forma a spazi e soluzioni, promuoviamo pratiche sostenibili, applichiamo innovazione ai nostri prodotti e coltiviamo cultura e idee, con un design che mette la vita al centro.

Pensiamo in modo olistico: strategie invece di prodotti, spazi più che singole collezioni, il bene di tutto il pianeta, non solo quello dell'uomo. Insieme, dialogando con i nostri clienti e partner, progettiamo il mondo in cui vogliamo vivere. Questo è the project of living.

How do we want to live now? More responsibly. More expressively. More connected.

The world is in constant change, and the solution we might need today might not be what we need tomorrow. To respond and adapt, Arper creates the strategies for a world in flux — shaping spaces and solutions, forwarding sustainable practices, pursuing new product innovations, and cultivating culture and ideas with thoughtful, life-centered design.

We're thinking holistically: strategies instead of products, spaces instead of collections, the planet instead of human interest alone. Together, in dialogue with our clients and partners, we design the world we want to live in. This is what makes the project of living.

Levigata come un ciottolo, delicata come una soffice distesa di muschio. Le linee arrotondate di Adell evocano una suggestiva presenza naturale, per un utilizzo sia all'interno che in ambienti outdoor. Con la sua scocca in polipropilene riciclato all'80%, la forma rasserenante di questa seduta è stata progettata mettendo al centro la sostenibilità, con beneficio sia per il corpo sia per lo spirito. Morbida e leggera, e al tempo stesso solida e sostanziosa, la scocca elegante di Adell offre un riparo accogliente e confortevole per prendersi una pausa.

ADELL

Smooth like a pebble, soft as mounded moss. With low rounded curves, Adell evokes a precious keepsake from the natural world – whether in use indoors or out. With a shell made from 80% recycled polypropylene, the calming form has been designed with sustainability at its foundation, putting both body and mind at ease. Plush yet supportive, substantial yet lightweight, Adell's gentle slopes offer a welcoming and generous place of rest.

Catifa 53 è l'originale: l'ispirazione che riporta all'identità stessa di Arper. La linea armoniosa e curva della seduta e la raffinatezza del profilo si combinano in una sintesi perfetta: la purezza concettuale è ottenuta riducendo il superfluo senza tuttavia perdere in sensualità. Nel 2016 la palette di Catifa 53 è stata arricchita di toni caldi e rivestimenti in pelle, per uno stile elegante e raffinato, mantenendo il suo carattere originale e universale.

CATIFA 53

Catifa 53

Catifa 53 is the original: the inspiration that extends to Arper itself. The graceful curved seat and sleek profile are the ultimate synthesis: conceptual purity is achieved through the reduction of the superfluous without loss of sensuality. In 2016 the color palette of Catifa 53 was enriched with warm finishes and with leather versions, creating an elegant, refined look maintaining its essential character.

Catifa Sensit è una seduta dal design intramontabile che arreda con eleganza ambienti sofisticati, a casa e in ufficio, assicurando il comfort di una seduta operativa senza inestetici ingombri. Un meccanismo integrato che consente un movimento sincronizzato favorisce l'inclinazione dello schienale, alleviando la pressione sulla zona lombare, senza alterare la continuità e l'eleganza del profilo. Avvolgente ma snella, l'attraente silhouette di Catifa Sensit sostiene il corpo ergonomicamente, pur accogliendolo con le sue forme fluide.

CATIFA SENSIT

The Catifa Sensit offers the comfort of a traditional office task chair without the bulk of visible technology. An integrated mechanism in the back of the chair synchronizes movement, allowing it to seamlessly incline, relieving pressure on the lower back and offering full ergonomic support. The Catifa Sensit Chair is an enduring contemporary silhouette re-imagined for both home and work environments.

CATIFA UP

Catifa Up

As much a part of Arper's identity as it is a testament to enduring design, Catifa 53, that inspired Catifa Up, is the piece that started it all. Un gesto semplice, una sensazione suggestiva. Le linee fluide di Cila richiamano l'immagine degli abiti in tessuto, che uno sull'altro avvolgono il corpo. La morbida silhouette svela la propria personalità nella particolarità delle curve, evocando una primordiale immagine di rifugio. Come quando ci si sente protetti, abbracciati.

CILA

Cila

A simple gesture, a sensuous feel. The fluid form of Cila was inspired by the image of layers of cloth enveloping the body. Its silhouette of smooth lines retains a graphic character from its distinctive curve — the most essential symbol of shelter.

Delicata e avvolgente come un fiore, la linea di Duna 02 è evocativa e contemporanea. Nata nel 2000, il suo carattere iconico la rende ancora oggi un classico del design, che si presta a essere continuamente reinventato. Oltre alla nuova lavorazione della scocca in polipropilene, Duna 02 è ora realizzata in una serie inedita di colori, con un profilo sottile e slanciato, curve delicate e una finitura più sofisticata.

DUNA 02

Duna 02

Like a soft, enveloping flower, the shape of Duna 02 is evocative and contemporary. Born in 2000, its iconic silhouette still sets it apart as a design classic, ripe for reinvention again and again. New plastic shell fabrication, available in a new range of colors in polypropylene and in sustainably-made shell, allows for a thinner, sleeker profile, a more delicate curvature and more sumptuous surface.

Juno 02 suggerisce nuove possibilità per la plastica, con la delicatezza di un sussurro. Nel 2012 Juno ha ridefinito la sedia in plastica con il gesto minimale di una silhouette slanciata. Ora, Juno 02 reinventa questa seduta senza tempo attraverso un materiale sostenibile e una nuova palette colori, ispirata al mondo naturale. Elegante ed informale al tempo stesso, semplice ed essenziale; la matericità delicata e le finiture di Juno 02 conferiscono una nuova raffinata identità al suo design.

JUNO 02

Juno 02

Juno 02 embodies new possibilities for plastic with a whisper, not a shout. In 2012, Juno redefined the plastic chair with the minimal gesture of its slim silhouette. Now, years later, Juno 02 reimagines this enduring expression in sustainable plastic and a new palette inspired by the natural world. At once elegant and efficient, simple and sleek, its subtle texture and finish bring refined materiality to the classic form.

Leggera nella forma e delicata con l'ambiente, Kata si ispira a principi di sostenibilità, attraverso una progettazione che guarda all'economia circolare. Prima sedia lounge di Arper in legno massello, Kata evoca la sedia della tradizione, in legno e paglia intrecciati, reinterpretandola con l'impiego di soluzioni contemporanee e sostenibili. Kata coniuga calore e purezza grafica, in una giustapposizione tra la presenza nello spazio e un profilo minimale, sospesa tra forza e delicatezza, tradizione e tecnologia.

KATA

Lightweight in form and environmental footprint, Kata is designed with circular sustainability at its core. Arper's first solid wood lounge chair, Kata takes inspiration from artisan-made wood and woven straw chairs and reimagines the near universal typology using contemporary, sustainable solutions in an expression that's both graphic and warm. Kata finds form in juxtaposition—an evocative gesture in the movement between material presence and minimal silhouette, softness and strength, tradition and technology.

Sottili allusioni alle imperfezioni della natura danno vita a silhouette sinuose e iconiche: dalle forme delle superfici — simili a sassi levigati dall'acqua — all'irregolarità del disegno nelle strutture, che ricordano i rami di un albero o la nervature di una foglia. Leaf è un manifesto: un'immagine allo stesso tempo nostalgica e avveniristica.

LEAF

Leaf

Subtle allusions that capture the pleasing irregularity of nature create comfortable and iconic surfaces and silhouettes: in the shape of the table tops — similar to the shape of a pebble polished by the water — and in the particularity of the structures, displaying an irregular design reminding of the branches of a tree or a leaf veins. Leaf is a manifesto: an image simultaneously nostalgic and forward thinking.

Come il disegno di una sedia fatto da un bambino, Norma esprime la sua stessa essenza: semplicità, leggerezza, linearità. La sua purezza formale è rallegrata da colori vivaci, materiali naturali, dettagli freschi e cuciture a vista. Originariamente progettata in pelle, la collezione propone oggi modelli imbottiti con gambe in metallo o impiallacciate che ne ampliano scelta e utilizzi.

NORMA

Norma

Like a child's drawing of a chair, Norma is reduced to its essence: stark, lightweight, polished. This formal purity is leavened by vibrant colors, natural materials, lively details and topstitching. Originally conceived in leather, it also includes upholstered models and durable metal or veneered legs that extend its range and use.

Con i suoi piani triangolari e la sua natura modulare, Ply è un sistema di tavolini e sgabelli che traduce in un'unica forma le linee fluide del legno. Progettato come un segno continuo che dal piano prosegue fino alla base, combina il calore del materiale a una forma dinamica e a un profilo minimale. Da solo oppure in gruppo, grazie alla divertente geometria delle sue superfici, Ply è come il gioco del Tangram, dove forme e colori si uniscono in composizioni imprevedibili.

Ply

PLY

Triangular in form and modular in nature, Ply is a system of low tables and stools rendered in fluid lines of wood. Engineered to create a continuous line from top through legs, its reduced silhouette and warm material complement its dynamic form. Alone or in groups, Ply's playful geometry of surfaces is like the game of Tangram, where shape and color work together to create open compositions.

Prestazioni elevate con una gestualità silenziosa per l'evoluzione della sedia impilabile. La collezione Stacy prende spunto dall'architettura classica, con colori che evocano la matericità — mattone, ruggine, pietra arenaria, marmo, ferro — per un risultato visivo e formale di grande leggerezza. Discreta e raffinata, l'estetica sofisticata di Stacy arricchisce il panorama delle sedute modulari.

STACY

Stacy

High performance in a quiet gesture, the stacking chair has grown up. The Stacy collection is inspired by classical architecture in colors that evoke structural materiality — brick, rust, sandstone, marble, iron — yet remains visually and physically lightweight. Discrete and distinguished, Stacy lends sophistication to modular seating needs.

Una forma classica, rivisitata. La collezione Arcos reinterpreta con discrezione il fascino geometrico dello stile Art Déco, riducendolo all'essenziale. Leggera e sobria, Arcos evoca l'elegante ritmo degli archi utilizzati nelle architetture classiche, grazie al segno grafico dei braccioli in alluminio che richiamano due curve appaiate.

ARCOS

Arcos

A classical form, repeated. The Arcos collection is a restrained interpretation of Art Deco's geometric glamor — without the ornamentation. Though lightweight and quiet, Arcos maintains a graphic presence due to its signature cast aluminum armrests that form twin curves evoking the elegant rhythm of archways in the corridors and walkways of classical architecture.

Loop è un sistema modulare e componibile di divani che, grazie alla sua versatilità espressiva, si presta a combinazioni fluide e lineari oppure intime e compatte. Stilizzato nella forma, quasi architettonico nell'effetto, questo sistema crea aree di attesa, di riposo e di incontro negli ambienti più ampi, mentre a casa può modularsi in spazi più o meno compatti a seconda delle esigenze.

Loop

LOOP

Loop is a modular system of soft sofa elements that combine in short clusters or long, flowing lines as unique and expressive as a signature. While graphic in form and silhouette, the overall effect is almost architectural. In large spaces the linear form inscribes areas for waiting, resting and meeting. At home, it may be compact or commanding, depending on what is required.

Strutturato e al tempo stesso morbido come un cesto pieno di cuscini, Shaal accoglie in un abbraccio avvolgente, portando la tattilità e il calore di casa in ogni spazio, dal residenziale al contract. Novità del 2022, Shaal amplia la collezione dei divani Arper coniugando a un eccezionale comfort una flessibilità modulare. Il guscio della struttura fa da culla a cuscini profondi e sospende da terra l'elegante forma di questo divano. Il design distintivo di Shaal nasce dalle sue dualità: è fatto su misura ma soffice, è generoso ma leggero, è stabile ma adattabile, è sostenibile ma prezioso. Ricrea l'ospitalità di casa ovunque.

SHAAL

Structured and soft like a basket of pillows, Shaal wraps around us in a welcoming embrace, inviting tactility and warmth into any space, from residential to contract. New for 2022, Shaal expands Arper's sofa offering, marrying exceptional comfort and flexible configuration. A supportive shell cradles Shaal's deep cushioning and elevates the gracious form off the ground. Shaal's distinctive design is derived from its dualities: generous yet weightless, anchoring yet adaptable, sustainable yet luxurious. Create the hospitality of home, anywhere.

Sottili allusioni alle imperfezioni della natura danno vita a silhouette sinuose e iconiche: dalle forme delle superfici — simili a sassi levigati dall'acqua — all'irregolarità del disegno nelle strutture, che ricordano i rami di un albero o la nervature di una foglia. Leaf è un manifesto: un'immagine allo stesso tempo nostalgica e avveniristica.

LEAF TABLE

Leaf

Subtle allusions that capture the pleasing irregularity of nature create comfortable and iconic surfaces and silhouettes: in the shape of the table tops — similar to the shape of a pebble polished by the water — and in the particularity of the structures, displaying an irregular design reminding of the branches of a tree or a leaf veins. Leaf is a manifesto: an image simultaneously nostalgic and forward thinking.

Nuur è l'archetipo del tavolo: un piano unico ed essenziale che poggia su quattro gambe, per un'estetica pura ma flessibile. Grazie ad un sistema universale che presuppone un principio tanto semplice quanto funzionale — quattro gambe d'angolo, quattro elementi di collegamento e un piano— Nuur si adatta alle funzioni e agli ambienti più diversi.

NUUR

Nuur

Nuur is the archetypal table: a single, spare plane floats above four slender legs. The result is aesthetically pure but flexible. A universal system based on the simple principle of four corner legs, four rails and a top, Nuur adapts to diverse applications and environments.

L'equilibrio tra funzionalità e bellezza trova la sua espressione più elegante in Oell. Questo tavolino scultoreo che si slancia a partire da una robusta base cilindrica, ispirata dalla forza e dalla consistenza della pietra, è progettato per essere a suo agio in ogni spazio. Lo stelo asimmetrico e il top a sbalzo del tavolo Oell si protendono con disinvoltura verso la poltrona o il divano, offrendo una superficie comoda e confortevole per lavorare, leggere o cenare. Essenziale nella forma e ricercato nell'espressione materica, Oell è delicato ma pieno di carattere, una presenza puntuale e mai invadente.

OELL

Oell

The equilibrium between utility and beauty finds elegant expression in Oell. This sculptural side table balances on a cylindrical base as smooth and substantial as a stone. Designed to serve in all settings, Oell's offset leg and cantilevered table top nestle astride an armchair or a sofa, presenting a convenient, comfortable surface for working, reading, or dining. Essential in form and exquisite in material expression, Oell is quiet but full of character, always at the ready and never in the way.

Come negli origami la carta viene piegata per creare delle forme, così in Onemm un singolo foglio di acciaio viene piegato per dare vita a un tavolo snello e scultoreo.

Sorprendentemente sottile e leggero, Onemm trasforma il tavolo in un gesto, traccia la linea di un profilo che ne esalta la vera essenza.

Il risultato è un tavolo puro e pulito, senza tempo ed elegante.

Perfetta sintesi di delicatezza e forza, Onemm sembra creato da pura magia.

ONEMM

Onemm

Like origami creations that fold paper into form, Onemm bends a single sheet of steel into a slender, sculptural table. Incredibly thin and light, Onemm radically dematerializes the table with a minimalist gesture, tracing the form's line to find its very essence.

The result is a table that's pure and clean, timeless and elegant. At once strikingly thin yet sturdy and sound, Onemm appears created through sheer magic.

Con i suoi piani triangolari e la sua natura modulare, Ply è un sistema di tavolini e sgabelli che traduce in un'unica forma le linee fluide del legno. Progettato come un segno continuo che dal piano prosegue fino alla base, combina il calore del materiale a una forma dinamica e a un profilo minimale. Da solo oppure in gruppo, grazie alla divertente geometria delle sue superfici, Ply è come il gioco del Tangram, dove forme e colori si uniscono in composizioni imprevedibili.

PLY

Triangular in form and modular in nature, Ply is a system of low tables and stools rendered in fluid lines of wood. Engineered to create a continuous line from top through legs, its reduced silhouette and warm material complement its dynamic form. Alone or in groups, Ply's playful geometry of surfaces is like the game of Tangram, where shape and color work together to create open compositions.

Con la sua forma semplice e briosa, Roopa celebra l'importanza dei dettagli. Le sue forme essenziali producono un effetto scultoreo che si abbina facilmente alla collezione Shaal e alle altre collezioni Arper. Le finiture rivelano un'attenzione particolare alla texture e alle superfici, mentre il contrasto tra la struttura opaca e il ripiano lucido del tavolo è al contempo giocoso e sofisticato. Pratico e iconico, senza tempo.

ROOPA

A simple, joyful form, Roopa celebrates small, significant details. Essential shapes form a sculptural signature that can live comfortably with Shaal or other Arper collections. Thoughtfully finished with an attention to surface and texture, the contrast between matte frame and high gloss table top is both playful and sophisticated. Its impact is simultaneously pragmatic and iconic, a beautiful companion for life.

Compagni affidabili. Solidi ma al tempo stesso leggeri, i tavolini Saul sono il complemento ideale per tutti i divani e gli arredi delle collezioni Arper. L'essenza della collezione Family è la possibilità di introdurre diverse variazioni su uno stesso tema visivo che collega ed unisce più elementi; proprio come una famiglia, esprime unità nella diversità.
